Technical Certificate for Vehicle Fitting

The Technical Certificate in Vehicle Fitting is a parallel qualification which provides the knowledge requirements for the apprenticeship. Each unit has a set of guided learning hours to achieve. There will be practical assessments, written assessments and online examinations to determine knowledge retention.

Functional Skills / Key Skills

Functional skills / Key skills are designed to complement the apprenticeship and allow the learner to carry out essential tasks effectively in Maths, English and Information and Communication Technology (ICT). These are delivered at level 1 when completing an apprenticeship at Level 2.

Delivery Model

The Technical Certificate, Functional Skills and the NVQ is delivered and assessed in the workplace by an experienced Remit Trainer / Assessor who will carry out the observations and give one to one training and coaching to encourage progression.

All visits will be arranged in advance with the appropriate manager or supervisor to ensure that the visit is convenient, any policies and procedures for on-site visits are followed and observation opportunities to gain evidence will be maximised whilst the assessor is at the employer's premises.

Timescales

The apprenticeship at level 2 will take 24 months to complete.
